

Airport™ Ultralight Instructions

Fits into Pelican® 1510 or Hardigg® Storm Case® iM2500 airline carry on size hard cases.

Make sure the shoulder straps are on top when inserted into the hard case.

1. Put the backpack in the case facing **DOWN** so the shoulder straps are **ON TOP** of the backpack.

2. Make sure the backpack is inserted all the way down into the hard case.

3. Make sure nothing is in between the edges of the case (such as zipper sliders, webbing, or other small objects) that prevent it from closing correctly.
