Be Ready "Before The Moment"™

## Logistics Manager - Rolling Gear Case

**1.** Hide-away top handle with easy accessibility and maneuverability; **2.** TSA approved lock for added security; **3.** Top pocket carries miscellaneous items for managing small items. **4.** Lower

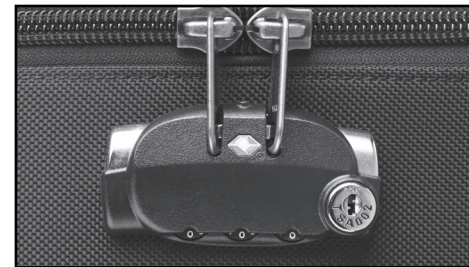

pocket expands for cords, reflectors, or other peripheral items; **5.** Clear interior pockets for accessories; **6.** Replaceable wheels within a protective housing adds stability.

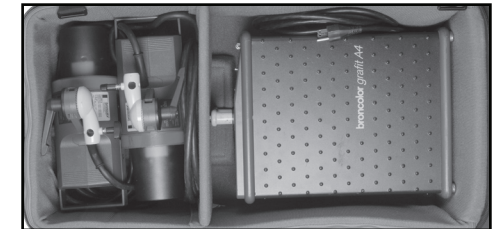

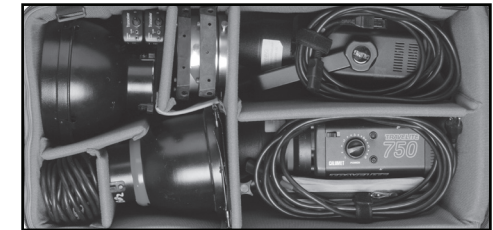

The security ID plate located on the back may be registered at:  
[www.thinktankphoto.com/lostandfound\\_registration.aspx](http://www.thinktankphoto.com/lostandfound_registration.aspx)

Rear security cable & combination lock allows the roller to be locked to immovable objects.

TSA combination lock to secure zipper. There are many instances when photographers must leave behind some or all of their gear. It is absolutely vital that this gear be secured from theft.

Endless interior layouts to adapt to numerous equipment combinations and help manage all of the "logistics" of transporting and using a lot of equipment while on location.
